

Brad Flora

Specialties:

Marketing Consultant

Statement: I specialize in Small business growth and community development.

Brad Flora is a life-long progressive thinker who sees the world with infinite levels of potential. He feels that only a small slice of this world may be taken at any one time and works to align opportunities with efficient use of resources.

He is a photographer, and somewhat ironically, he is aware that the inorganic printing and framing techniques of our modern era conflict with the source of beauty that forms the core of his art.

While he believes that the efficient use of resources and continued support of healthy communities is the key to our ongoing survival as a collective society, he also believes that we must all take it one step at a time and not be too judgmental of others.
