

## Donations

Even if you are not a client, you can still help support our goals. A donation, large or small, is appreciated. To date we have provided financial and material support to the following Fine Artists: Jason Herzog's effort and skill was employed in designing this Website, we work with Steven Glass and Lorenzo White as graphic designers, and Charlie Higbie's transition into digital photography was heralded with a gift of a Nikon d60, allowing him to refresh his path within the Fine Arts.

Donate today to project pH and help an artist achieve their dreams! We are not a non-profit, meaning this donation is not tax-deductible. Donations go into the project pH aspiring artists fund, and may be used at our discretion to promote peace and honesty upon this Earth. We will be reporting all donations as income.

Even \$1 goes a long way.
